

WARRANTS:

Failure to dispose of your citation in a timely manner will result in a warrant be issued for your arrest. When a warrant is issued, the fine is set to the maximum allowed by law, an additional \$50 warrant fee is added, and an additional \$30 OmniBase fee is added to suspend or deny issuance of your driver's license.

Paying a Warrant Online

You may pay an active warrant using the online payment system, but you remain subject to arrest until the court has processed your payment and recalled the warrant. This may take up to three days. To ensure the immediate recall of a warrant, appear in person to pay or call 830-796-3456 to pay with a credit card.

Financial Hardship/Indigent

If you are financially unable to pay a fine and/or court cost in full (one payment), there are other options, such as time-payment plans and performing community service hours instead of paying the fine and court costs. In certain situations, in which a person cannot perform community service and that person is financially unable (indigent) to pay their fine and court cost on a time payment plan the Court will hear sworn testimony and look at evidence concerning your financial situation to help you resolve this matter. In certain severe situations, the Judge can reduce the fine and court costs or eliminate them completely, depending on the severity of your financial situation. Community service options have been expanded by the Texas Legislature to include: (a) attending work and job skills training; (b) a preparatory class for high school equivalency exam; and (c) service at an educational institution. Should you have any questions regarding these options, please contact the Court.
